

A SAY IN OUR SKIES

A RESIDENTS' INITIATIVE · IRELAND

We're not against drones. We're asking to be asked.

Commercial delivery drones are now flying over homes in parts of Dublin and Cork — through a process residents were promised, but never given. We're neighbours asking for that promise to be kept.

WHAT WE'RE ASKING FOR

- ✓ A transparent say before flights are routed over our homes
- ✓ Independent monitoring of noise and route density
- ✓ A pause on expansion until safeguards are in place
- ✓ Protection for children, schools, parks and wildlife

Add your name.
